WONDERFUL POPULARITY OF THE RENOWNED MEDICINE.

The Greatest Curative Success of the Age—A Voice From the People.

No medicine introduced to the public has ever met with the success accorded to Hop Bitters. It stands to-day, the best known curative article in the world. Its marvelous renown is not due to the advertising it has received. It is famous by reason of its inherent virtues. It does all that it claimed for it. It is the most powerful, speedy and effective agent known for the building up of debilitated systems. The following witnesses are offered to prove this:

What It Did for an Old Lady.

Cashington Station, N. Y., Dec. 28, 1884.
GENTS:—A number of people had been using your Bitters here, and with marked effect. In fact, one case, a lady of over seventy years, had been sick for years, and for the past ten years I have known her. She has not been able to be around half the time. About six months ago she got so feeble she was helpless. Her old remedies, or physicians, being of no avail, I sent to Detroit, forty-five miles, and got a bottle of Hop Bitters. It had such a very beneficial effect on her that one bottle improved her so she was able to dress herself and walk about the house. When she had taken the second bottle she was able to take care of her own room and walk out to her neighbor's and has improved all the time since. My wife and children also have derived great benefit from their use.

W. B. HATHAWAY, Agt. U. S. Ex. Co.

An Enthusiastic Endorsement.

* GORHAM, N. H., July 15, 1886.

GENTS:—Whoever you are, I don't know, but I thank the Lord and feel grateful to you to know that in this world of adulterated medicines there is one compound that proves and does all it advertises to do. Four years ago, I had a slight shock of palsy, which unnerved me to such an extent that the least excitement would make me shake like the ague. Last May I was induced to try Hop Bitters. I used one bottle, but did not see any change; another did so change my nerves that they are now as steady as they ever were. I used to take both hands to write, but now my good right hand writes this. Now, if you continue to manufacture as honest and good an article as you do, you will accumulate an honest fortune, and confer the greatest blessing on your fellow-men that was ever conferred on mankind.

TIM BUCH.

A Husband's Testimony.

My wife was troubled for years with blotches, moth patches and pimples on her face, which nearly annoyed the life out of her. She spent many dollars on the thousand infallible (?) cures, with nothing but injurious effects. A lady friend, of Syracuse, N. Y., who had had similar experience and had been cured with Hop Bitters, induced her to try it. One bottle has made her face as smooth, fair and soft as a child's and given her such health that it seems almost a miracle.

A MEMBER OF CANADIAN PARLIAMENT.

A Rich Lady's Experience.

I traveled all over Europe and other foreign countries at a cost of thousands of dollars, in search of health and found it not. I returned discouraged and disheartened, and was restored to real youthful health and spirits with less than two bottles of Hop Bitters. I hope others may profit by my experience and stay at home.

A LADY, AUGUSTA, ME.

MAGNETISM AND ELECTRICITY vs. MEDICINE.

Effects of Different Qualities of Electricity in Curing Diseases.

Electrotherapy is now acknowledged by all intelligent physicians as one of the most important agencies in curing diseases. The physiological effects depending, however, upon the skill of the operator, his knowledge of anatomy, or correct position of the various organs, and apply electricity effectively instead of in the haphazard way commonly practiced, which is quite as likely to do harm as good, and which has done not a little to bring this valuable remedial agent into disrepute. Electricity being one of the forces which contribute to the animal organism, is necessary to functional health.

The various conditions under which electricity is manifested enable us to apply it to a variety of morbid conditions, according to one of three recognized methods, namely:

1. Conveying electricity directly to the organ, nerve or muscle to be acted upon.
2. Influencing an organ or muscle through the nerve which supplies it.
3. Applying electricity to a distant part in such a way as to excite the reflex action of the nerve, and thus indirectly affect the part to be treated.

Also, upon the nature of the current used. The induced or continuous, its direction, its intensity, quantity, quality and the different ranges of each one.

Also, a different diagnosis for the selection of a particular current, best suited to each diseased condition.

THE REMEDIAL RESULTS OF ELECTRICITY ARE TRULY WONDERFUL.

Having made Electro-Therapeutics a special practice, we treat scientifically and successfully all functional diseases, diseases of the brain and nervous system, nervous debility, general debility, insomnia and threatened insanity, neuralgia, kidney and liver troubles, spinal weakness, rheumatism, gout, dyspepsia, asthma and other causes, and every variety of nervous affections, are treated with a measure of success, heretofore regarded as impossible. This system is not taught in medical colleges or found in medical books. A system that is as foreign to the profession and people generally as Morse's telegraphing was when he first advocated it, and was as bitterly denounced by the wise ones of the world. This treatment equalizes the circulation of the blood and nervous fluids, creates and maintains a powerful digestion, develops the organs of respiration, invigorates the nervous system and physiological elements, and hence "a healthy mind in a healthy body."

For all forms of female complaints this treatment is superior to all others. There is no shock or unpleasant sensation, the most timid person experiences a delightful exhilarating effect, giving strength and vitality where there was weakness and melancholy. Facts are positive proofs. We refer with pleasure to many of the best citi-

zens of Salt Lake City, who have been cured of Chronic Troubles, by us after every other remedy failed.

H. E. GROW, Electrotherapist, 112 W. South Temple Street, Salt Lake City.

Bucklen's Arnica Salve.
